NEERUMALLA VIVEK

SUMMARY

A motivated 3rd-year student with strong expertise in web development, proficient in designing and optimizing responsive websites using HTML, CSS, JavaScript, React.js, Java, and MySQL. Possesses a solid foundation in data structures and algorithms. Currently serving as a Web Development Intern at CodSoft, contributing to the creation of user-friendly, responsive websites. Known for strong problem-solving abilities, adaptability, and a commitment to delivering high-quality results in collaborative, deadline-driven environments, with a passion for driving growth and enhancing user experience through innovative web solutions.

WORK EXPERIENCE

AI TESTER INTERN, DYNAMIC TANGENT

February 2025 – Present

Contributing to AI testing initiatives, ensuring model accuracy and performance. Collaborating with teams to enhance AI functionalities while adhering to company policies. Assisting in developing testing strategies to improve AI model reliability and efficiency.

WEB DEVELOPMENT INTERN, CODSOFT

February 2025 - Present

Working on Level 1 tasks, including creating a personal portfolio, landing page, and basic calculator using HTML, CSS, and JavaScript. Developing web design skills while enhancing creativity, layout design, and functionality.

PROJECTS

PERSONAL BUCKET LIST WEB APPLICATION

2025

Developed a responsive webpage showcasing a personal bucket list with styled lists and icons, featuring a clean, intuitive UI with effective colors, typography, and a responsive layout using CSS Flexbox, Grid, and media queries. Implemented dynamic JavaScript functionality for real-time task completion, along with interactive hover effects and a custom header and footer for a polished, professional appearance.

Technologies Used:

Programming Languages: HTML, CSS, JavaScript

Design Principles: Responsive Design, CSS Flexbox, Grid, Media Queries

PERSONAL PORTFOLIO WEB APPLICATION

2025

Developed a responsive portfolio website to showcase skills, experience, and projects. Designed sections for bio, skills, and project highlights, with a resume download feature and contact info. Ensured a clean, user-friendly layout using effective color schemes and typography. Optimized for all devices with CSS Flexbox and media queries.

Technologies Used:

Programming Languages: HTML, CSS, JavaScript

Design Principles: Responsive Design, CSS Flexbox, Media Queries

E-COMMERCE PRODUCT WEB APPLICATION

2025

Developed a functional and visually appealing e-commerce product page using HTML,CSS and JavaScript displaying product details such as product image, name, description, price, and an add-to-cart button. Ensured a user-friendly and responsive design for an engaging shopping experience. Optimized for all devices with CSS Flexbox and media queries.

Technologies Used:

Programming Languages: HTML, CSS, JavaScript

Design Principles: Responsive Web Design, UI/UX Best Practices
